

# Capacitor Trip Unit

## SPECIFICATIONS

- ❖ Rugged Metal Enclosure with Integral Mounting Brackets. (Universal Replacement Unit)
- ❖ Compact Size for Door or Cell Mounting. (Any Orientation)
- ❖ Heavy Duty Feed Through Terminal Block for Ease of Connection. All Terminals Labeled.
- ❖ Superior Quality Components for Improved performance and long Service Life. Computer Grade Capacitor.
- ❖ Will Operate Control and Trip Circuits for the majority of Low Medium and High Voltage Breakers. Integral Test Circuit C/W Power Lamp.
- ❖ Failure Alarm Status Contacts
- ❖ Undervoltage Transfer Contacts
- ❖ 120VAC Input 120VDC Output
- ❖ Other Voltages Special Order
- ❖ Output Capabilities – Factory Tested
  - ◆ Continuous Output 1.0 Amps DC
  - ◆ Momentary Output 5.0 Amps DC
  - ◆ Instantaneous Output 15.0 Amps DC
- ❖ Built In Test Circuit (Test Discharge Time)
- ❖ Solid State Indicating Lamp
